SUSTAINABLE PLACES

October 27-30, 2020

Sustainable Places

Digital Event

Europe's #1 destination for dissemination of research, collaboration, networking and the creation of market opportunities

Facts and figures

Renowned for showcasing results coming out of the EU Horizon 2020 Framework Programme via the participation of cutting-edge research and innovation projects, the scope of Sustainable Places is captured directly in the name. It involves designing, building and retrofitting the places we live and work in a more sustainable way.

Sustainable Places prides itself on being an **ideal platform for the dissemination of research**, the conduct of workshops, EU project clustering and networking between stakeholders of all types.

The 2019 edition in Cagliari gathered **180 registrants**, coming from both large industrial organisations, SMEs, research and academic organisations, public and local authorities as well as representatives of the European Commission.

The event also hosted **100 local area professionals** for an Environmental Training ; 70 attendees to a full capacity **EU Infoday & Brokerage Event;** 50 to a SmartEn City pre-event workshop; **15 Clustering Workshops** and **9 Inspiring keynotes**.

2020 edition

Sustainable Places 2020 will consist of:

- **Keynote** speakers
- Technical **paper** sessions
- Thematic **workshops** & EU project clustering
- Excellent people, **collaboration** and discussion

Each year, Sustainable Places features topics that are shaping how we think about **buildings and the built environment**.

Specific topics for this 2020 edition will include :

- Sustainable Digital Infrastructure
- Digital Twins
- Building Integrated Photovoltaics (BIPV)
- Circular Economy
- Local Energy Communities

A **high-level session** will be organised with the European Commission to put the above initiatives in the wider context of the Green Deal, the Renovation Wave initiative, and the Recovery plan for Europe.
