

Decision-making aid tool to support renovation of buildings with industrialised all-in-one technology solutions

Diego Sanz Almela, Valencia Institute of Building (IVE)

On-line, 28/09/21

INFINITE project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No **958397**

INFINITE project

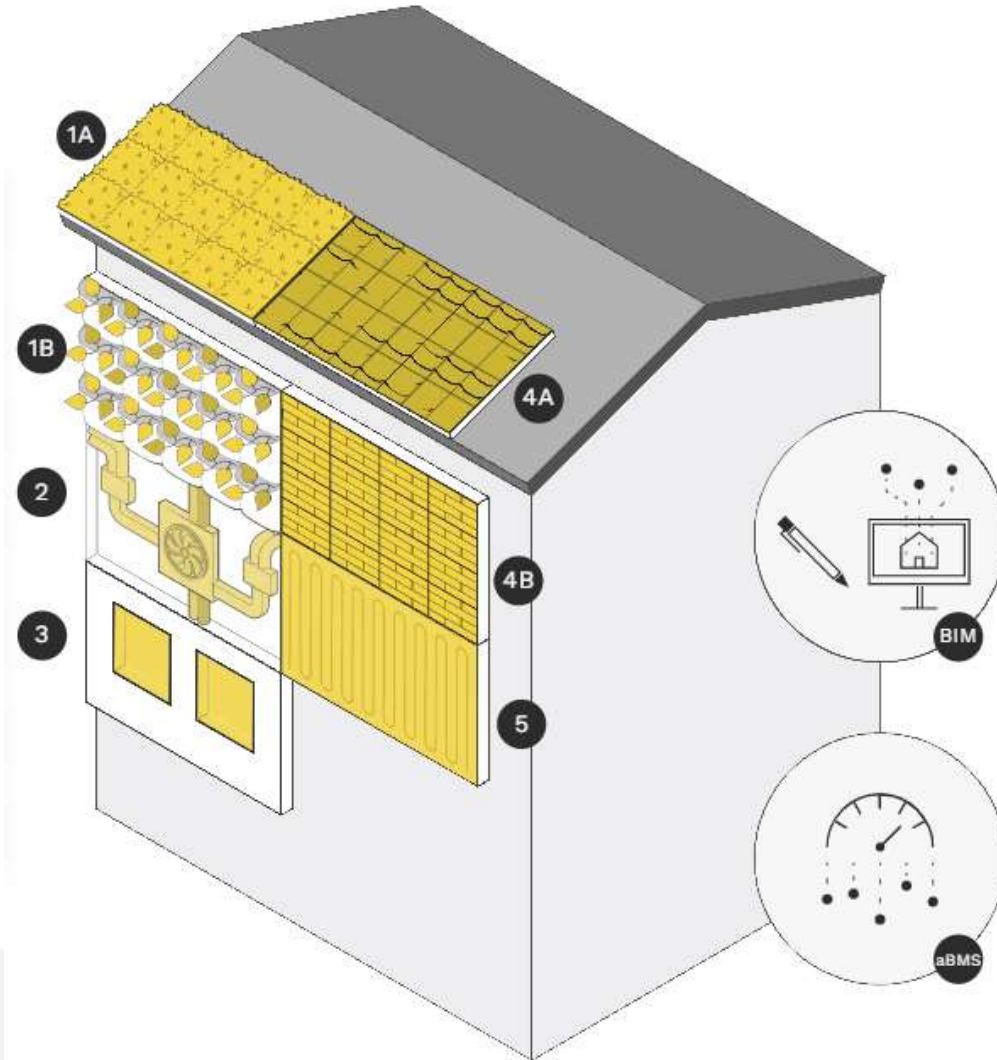

Industrialised durable building envelope retrofitting by all-in-one interconnected technology solutions

INFINITE aims to:

- increase the market penetration of industrialized integral building **envelope kits** for deep renovation
- development of a set of multi-user and multidisciplinary **tools**
- maintain the focus on **end users** and all stakeholders in the value chain.

1A

ENERGY AND FRESH AIR DISTRIBUTION KIT

2

SMART WINDOW KIT (SMART GLAZING)

3

ENERGY GENERATION BIPV KIT

4B

4A

SOLAR-THERMAL GENERATION KIT (BIST)

5

ADAPTABLE BMS

aBMS

BIM PLATFORM

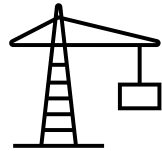

BIM

Starting point

1. Can I install that system in the building?

- Decision-making aid tool

2. How much would it cost?

- Business models
- ...

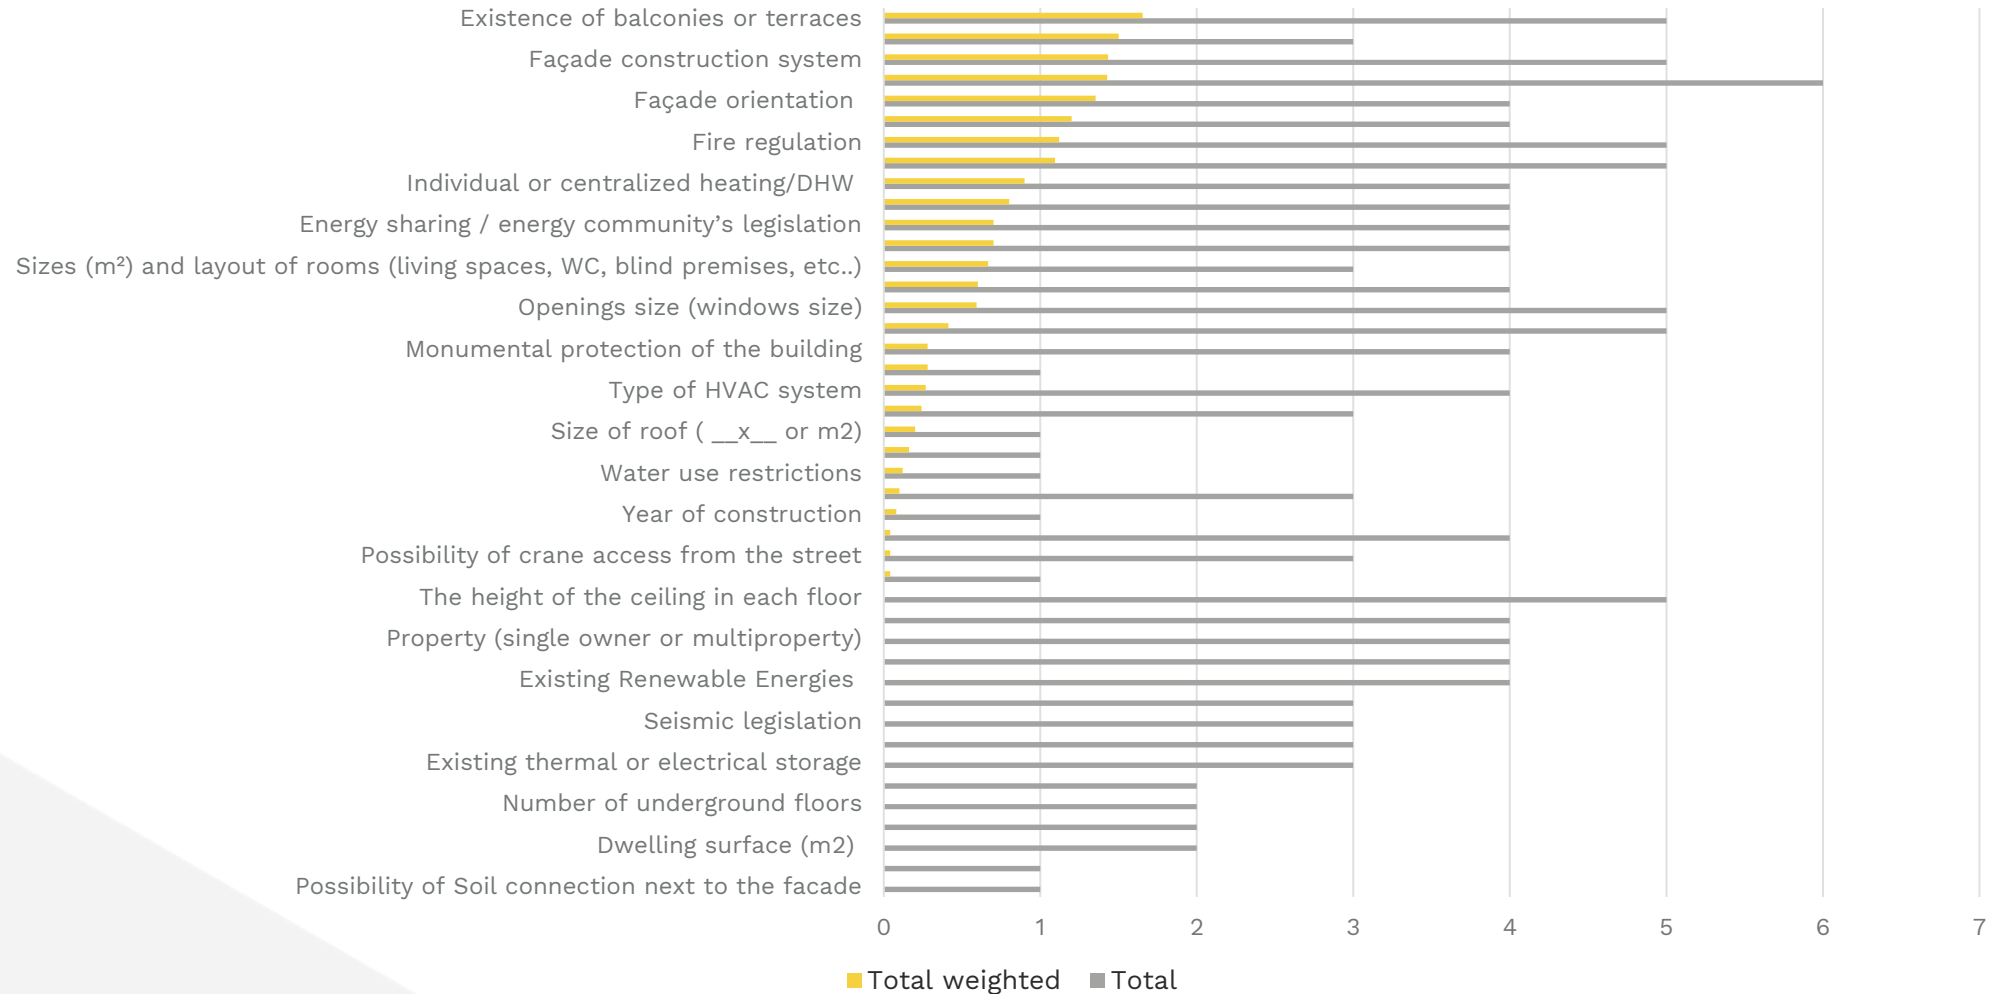

Delphi method

Delphi method

Design and installation

Results summary

Technical questionnaires

Technical partners

PASSIVE ECO-COMPATIBLE & GREEN ENVELOPE KIT:

A. GREEN FAÇADE

1. Regardless of legislation, can the system be installed on any **building use**?

- a. Yes
- b. No

If not, in which ones is not possible?

2. Which is the rough **weight** of your standard system?

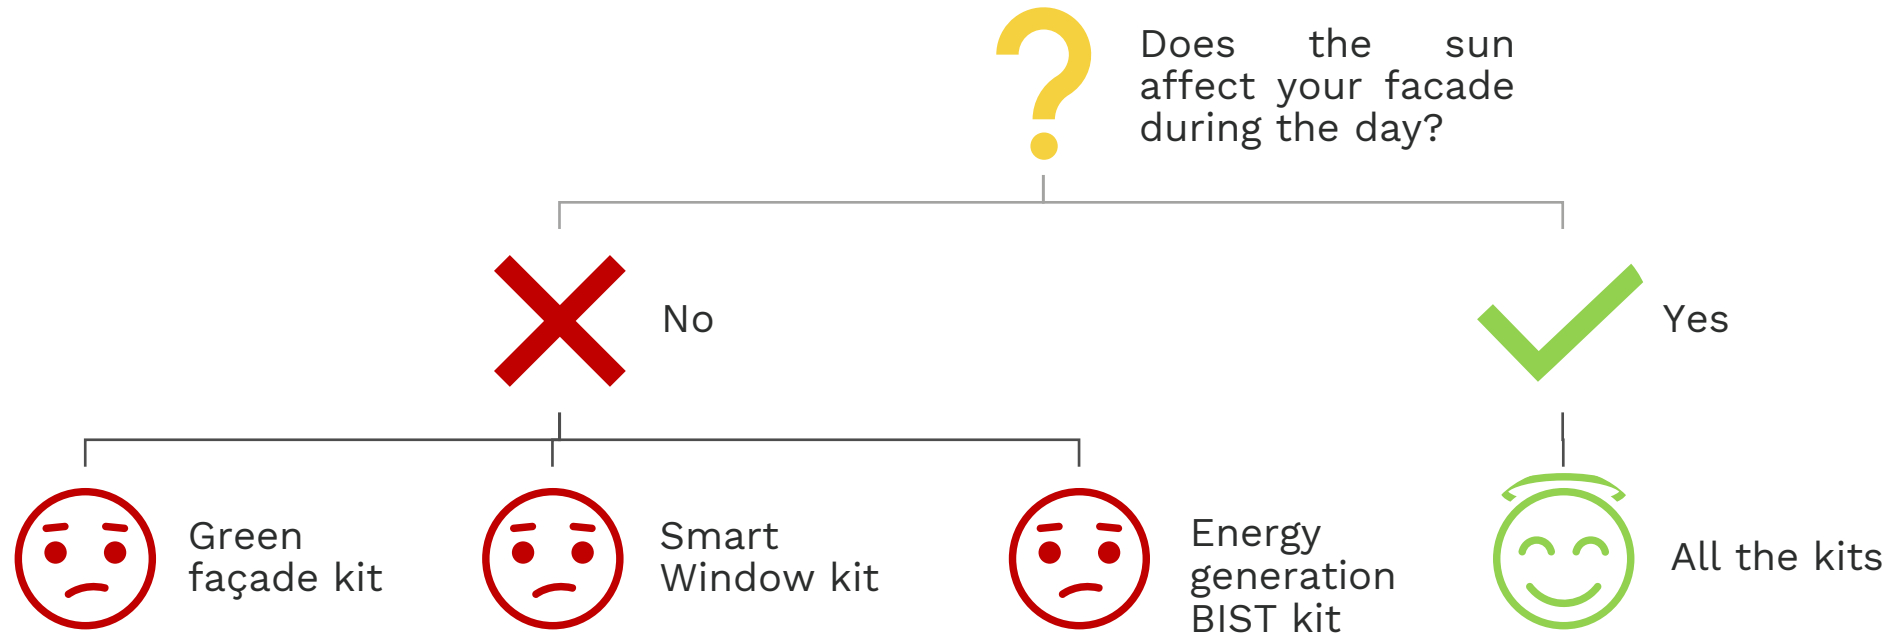

(Kg/m², psi, lb/sqm...)

3. Is there a minimum **façade area** to install the system?

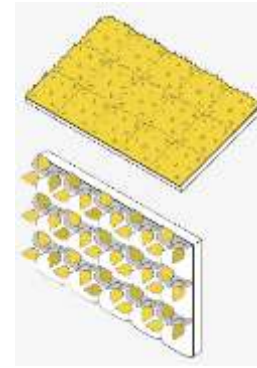

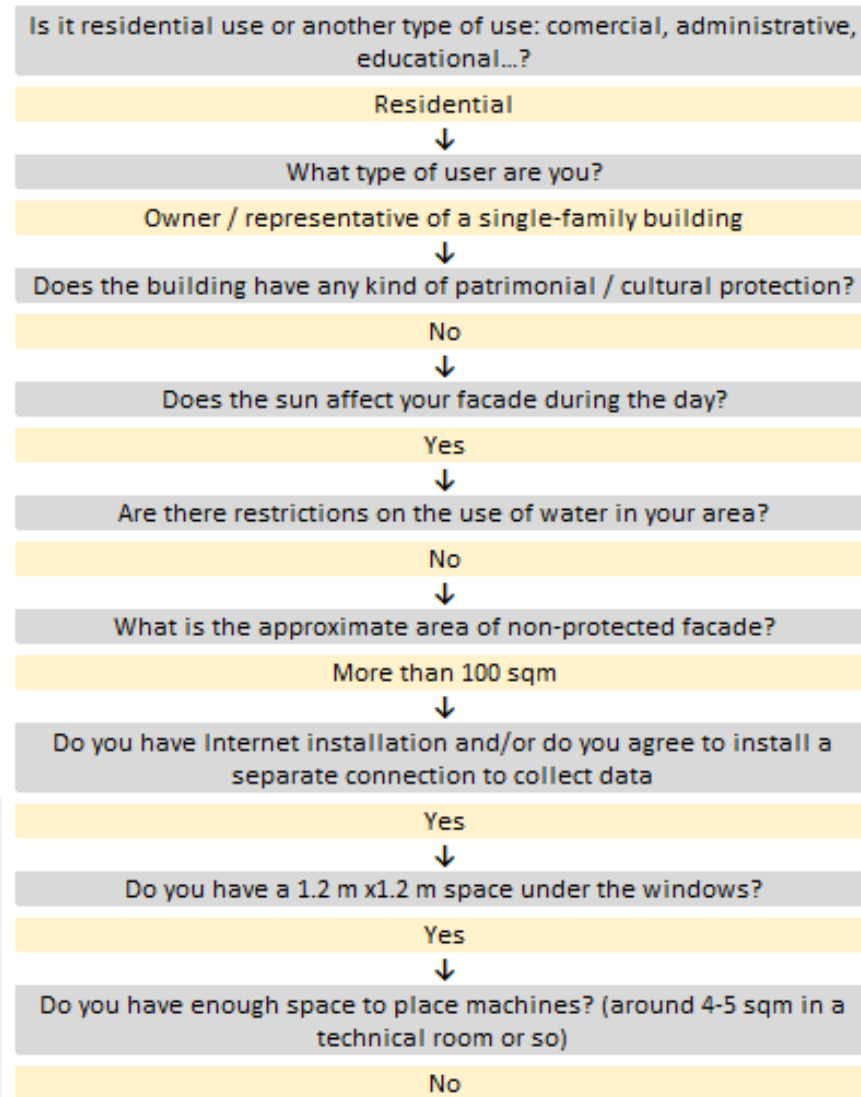

- a. No
- b. Yes

If yes, how many sqm/m²?

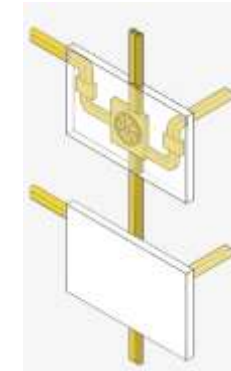

Limiting parameters

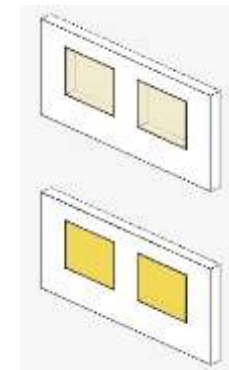

Decision-making aid tool

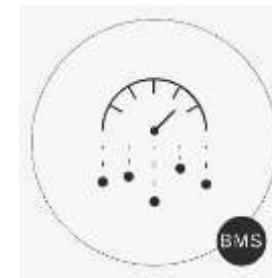

Passive eco-compatible & green envelope kit

Energy and fresh air distribution kit

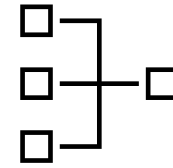

Smart window kit (Smart glazing)

Adaptable BMS

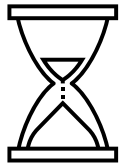

Tool application

Valencia case

One-Stop Shops (OSS)

Grouping together in a single entity the different procedures or services that a user may request.

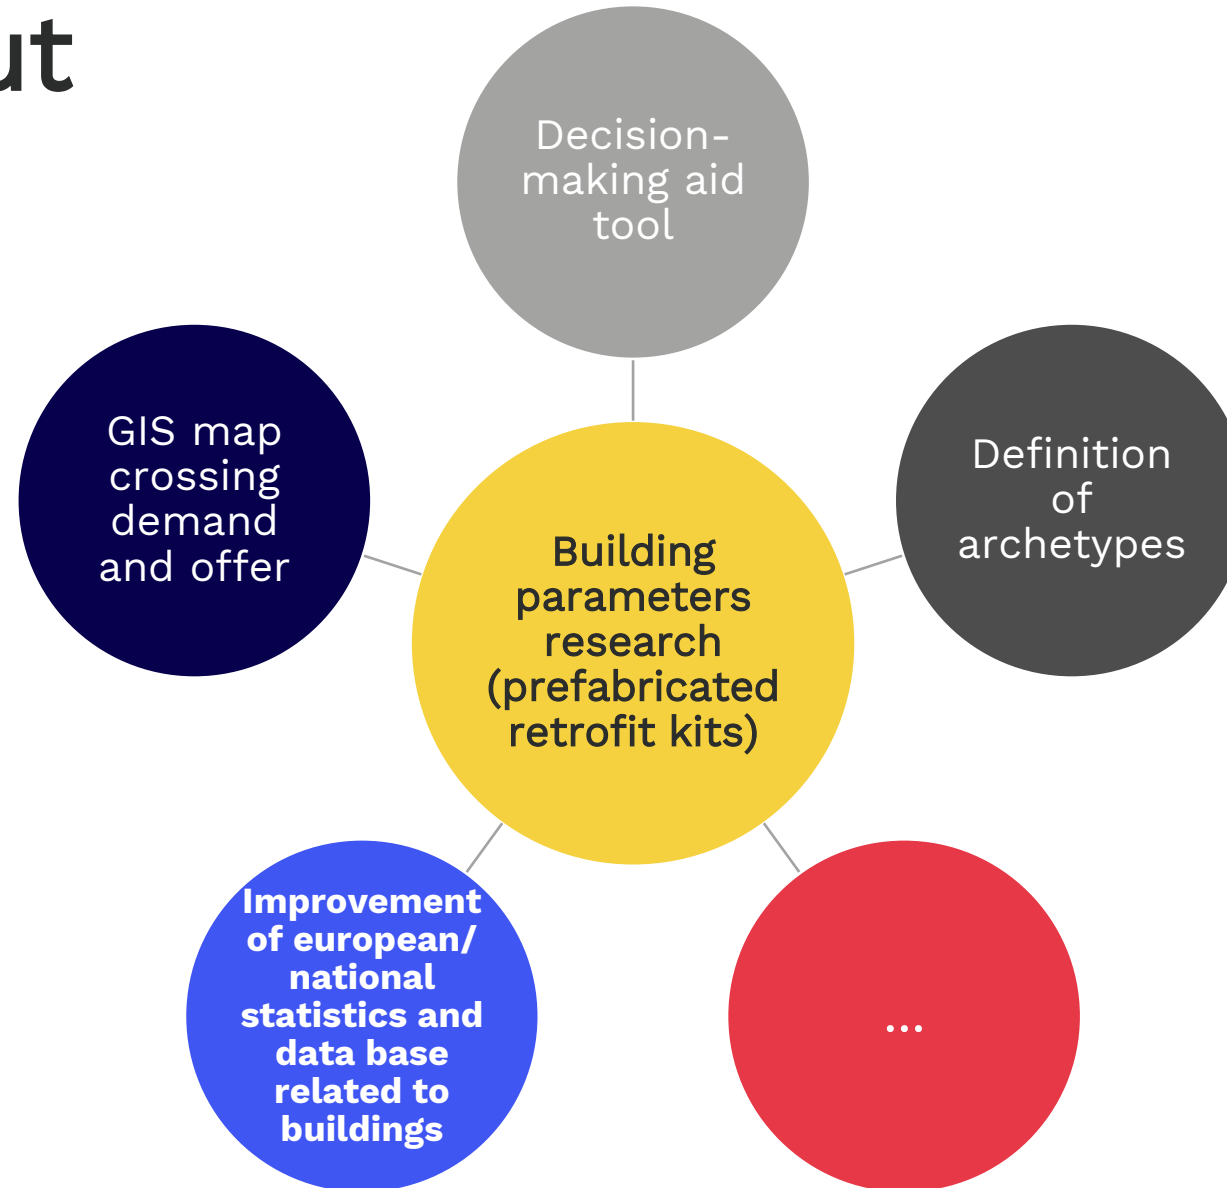

- Make housing renovation processes easier, faster and more affordable for homeowners.

- Use of different tools/applications:
 - Calculation of grants or other subsidies
 - Guides to procedures
 - Financial advice
 - Decision-making aid tool
 - ...
