✨ Sponsorship Opportunities Officially Open

We again welcome and invite sponsorship at 2025.

For organizations looking to increase brand exposure and visibility to Europe's top R&D performers, sponsorship offers an excellent mechanism to do that. Sponsors can count on excellent visibility, assistance with networking, the opportunity to exhibit and the opportunity to co-create moments that meet their specific objectives.

SP2024 in Luxembourg concluded with 14 sponsoring organizations which facilitated the excellent program and experience we were able to offer.
