

What an incredible event!

We want to extend a heartfelt **thank you** to everyone who participated in **Sustainable Places 2025**.

Over three inspiring days, we exchanged knowledge, ideas, and connections to shape the future of sustainable technologies.

From insightful keynotes to hands-on workshops, every moment was full of valuable content and meaningful encounters.

This year, over **440 participants** and representatives from more than **160 European projects** came together to collaborate, exchange ideas, and advance the dialogue on sustainability.

Your participation made this event truly special. Whether you joined sessions, networked with attendees, or engaged in discussions, your presence brought energy and ideas that made Sustainable Places an unforgettable experience.

To our **patrons, sponsors, and promotional partners**, it was a pleasure building this event with you — thank you once again for your trust and support.

Your feedback matters!

Please take a few minutes to complete our survey [here](#).

Your thoughts are essential for us to understand what worked well and what we can improve, so that future editions can be even better and more tailored to your interests. Every comment counts!

✨ Event Photos Are Live

All photos from the event have been uploaded to the **Sustainable Places website**.

Feel free to use them in your own communications, and thank you for all the amazing sharing and

engagement over the past few days!

🌟 Workshops and Open Research Europe

Have you shared a project at Sustainable Places and want it featured in our Open Research Europe collection?

We warmly invite all submitters to check out our [collection link](#) and send a quick message to the Sustainable Places email (sustainableplaces@r2msolution.com) with your submission details—such as title, authors, and associated EU project with grant ID—so that Open Research Europe stays fully informed.

If you have any **updated, redacted, or previously unpublished presentation files**, please upload them to the [GDrive](#) and let us know once they're available. This ensures all materials are properly shared and accessible to the entire community!

Presentations and recordings will be posted to session-specific webpages before the end of October.

📌 Building the Sustainable Places Community

Your energy, creativity, and collaboration are what make it truly special!

Got ideas for **Sustainable Places 2026** or suggestions on how we can make the next edition even better? We'd love to hear from you—share them in the survey or drop us a note.

📄 **Participation certificates** are available upon request. If you'd like one, just let us know!

A final newsletter will follow next week, once all materials are online.
We'll wrap up Sustainable Places 2025 and officially close this edition—until preparations begin for Sustainable Places 2026!

Thank you all.
